Fire Chief's Report

During the past year we have had 9 fires: 4 chimney fires, 2 woods fires, 1 house fire, 1 grass fire and one fire at the mill, that was a tar pot fire. We were called to a forest fire in Woodstock and 1 chimney fire in East Bethel.

We have our alerting system consisting of Plectrons which can be actuated from the fire building or from the Oxford County Building. We are in hopes to have a toll-free number for reporting fire.

We have been called out twice to non-fires, but wouldn't be called false alarms.

We have a fire meeting once a month and also a training session once a month.

We thank you for helping keep fires down, but do not hesitate to call in a fire large or small.

CHARLES S. MELVILLE
Fire Chief

Greenwood Beach Committee Report

The first few meetings of the Greenwood Beach Committee were primarily planning meetings. The committee spent much time assessing the present and future needs of the Greenwood residents in their search for an adequate swimming area.

Although Greenwood is surrounded by many ponds, there are very few beach sites available which fit the present and future needs of Greenwood residents as a swimming area.

This observation has left the beach committee little recourse with their efforts to secure a beach facility which will adequately serve us.

Publicity in the Bethel Citizen and Norway Advertiser for shore property in Greenwood did bring forth some possibilities and the committee did look into these offers further. The town also has a tax acquired shore property which the committee did check out.

Listed below are the shore sites which the committee checked out:

1. Carlton MacKay lot on Twitchell Pond—tax acquired property.
2. Herman Cummings, Jr. lot on route 26—former Lona House property.
3. Wheeler property located on South Pond.
4. Helen Bullus property on South Pond — formerly Hank Leach property.
5. A shore property on Twitchell Pond, but final information on this offer was unavailable at this time.

The above shore properties are all that this beach committee were able to determine at this time. With the

space allowed, it is impossible to fully explain all the committee's findings, but the committee will prepare a complete report on the above mentioned findings which will be distributed at town meeting.

The beach committee members serving you for this year have been Barbara Wilson, Chairwoman; Raymond Swan, Secretary; and Gary and Esther Fuller. The committee would like to thank Tony and Mary Stone for their help and assistance during the past year.

Respectfully submitted,

BARBARA WILSON, Chairwoman

Report of Auditor

CHARLES ROY WOODMAN

PUBLIC ACCOUNTANT

January 19, 1976

Board of Selectmen
Greenwood, Maine.

Gentlemen:

In accordance with the provisions of Title 30, Section 5253, Revised Statutes of 1964, and at your request, the financial records of the Town of Greenwood have been audited for the municipal year ended December 31, 1975.

As required by statute, one copy of this report together with the audit procedural form prescribed by the state auditor for governmental audits in accordance with statutory requirement have been forwarded to the State Department of Audit.

The examination was in the form of a limited general audit and performed in accordance with standards established by the State Department of Audit and by the National Committee on Governmental Accounting. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary.

Transactions effecting Federal Revenue Sharing Funds were examined in accordance with the "Audit Guide and Standards for Revenue Sharing Recipients" issued by the Office of Revenue Sharing, U. S. Department of the Treasury.

Insofar as could be ascertained within the scope of the examination, the financial affairs of the Town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules together with the accompanying comments present the result of the financial operations of the Town for the period designated.

All of which is respectfully submitted.

C. R. WOODMAN
Public Accountant

COMMENTS

TOWN OF GREENWOOD

January 1, 1975 to December 31, 1975

An audit of the financial records maintained by the various officers of the Town of Greenwood has been completed for the municipal year ended December 31, 1975.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits and supporting schedules.

Net departmental balances lapsed to general fund surplus amounted to \$8,937.34. This was occasioned by unexpended balances in excise tax and overlay accounts (Exhibit D). Most unexpended balances were carried forward to 1976 at the direction of the Selectmen.

ASSETS The general fund cash balance of \$21,138.74 was reconciled with a statement furnished by Casco Bank and Trust Co., Bethel, Maine.

Accounts receivable of \$1,501.71 consisted principally of balances due from individuals for cemetery and highway activities.

Taxes receivable of \$14,878.55 represented the uncollected balance of the 1975 commitment of \$14,609.28 and a balance of \$269.27 from prior years.

Tax liens amounted to \$1,931.93 at the year end, while tax acquired property totaled \$2,168.60.

LIABILITIES Notes payable at the year end totaled \$3,000.00 issued during the year to complete the purchase of a new highway truck. This is a short term note maturing in 1976.

SURPLUS Appropriation account balances carried forward to the ensuing year amounted to \$9,463.81, and represented departmental balances carried forward at the direction of the Selectmen.

The unappropriated surplus amounted to \$26,594.93 at the year end, an increase of \$8,884.65 for the period. This increase was occasioned principally by payment of Town notes of \$10,000.00 and net departmental balances lapsed to surplus.

GENERAL A review of the Town Clerk's records revealed the Selectmen were authorized to issue Town notes not to exceed \$3,000.00 to complete the purchase of a new highway truck.

REVENUE SHARING FUNDS available from the State amounted to \$8,536.05 of which \$5,757.76 was applied to reduce the tax rate. Federal revenue sharing funds available amounted to \$42,461.97 of which \$29,500.00 was used as voted by the Town. Detail is shown on Exhibit F.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were utilized to the extend deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at December 31, 1975, and the result of its operations for the year then ended.

DAVID L. HOLT

Report to the Taxpayers of Greenwood

In 1975, due to the effort of David Holt, 3rd Selectman, we were able to place Bernard Brooks, and Coley Smith under the C.E.T.A. program. This program, which is paid for by the Federal Government, enabled the Town to accomplish many projects such as, putting up the Little League Field fence, preparing the town dump, clearing the town pound, cutting off 1½ acres of the Town Lot, which was sold to Central Maine Power, work on the Town Office, fire station and many hours on the town roads.

The Town Dump, after some controversy this Spring, has been accepted by the taxpayers. According to the dump attendant, Earl Smith, there is less than 50% trash now being dumped in comparison to before it was closed to non-taxpayers. This should enable the Town to prolong the life of the dump, providing we obtain a variance from the State to continue use of it.

The tax maps have been updated with certain parcels combined and separated. Every April the mapping company will be updating the maps, as this will pertain to parcels which have been divided, or parcels which are found to be incorrect, or have been surveyed. The work should be minimal.

As the State imposes regulations on towns such as requiring for maintaining our town poor to the amount of \$3,330.00, and has taken away our T. R. I. monies, in its place we have requested a sum of \$5,000 from Excise taxes. The property tax will continue to rise.

With the modernizing of the Town Office, plus the addition of the bathrooms and the new town office, the Selectmen are requesting the combination of the Town Clerk, Treasurer, and Tax Collector into one job, with the work to be done out of the old town office.

The Chairman of the Board attended Assessors School at Bowdoin College last July, passing the second of six

courses. These classes last a full week, with much knowledge gained from its classes and by talking to other assessors from all over the State. Buildings will be valued by replacement cost, less depreciation, plus or minus market value. Land is valued by location plus market value.

Special thanks go to Representative Don Twitchell in having the Greenwood Road hot-topped and keeping the Selectmen informed of pending legislation, to David Holt for his efforts and knowledge he has passed on to the Selectmen.

This year's Town Reports are dedicated to Harry M. Swift, who served as Selectman of Greenwood for a total of 31 years. Only the ones who have served before, during and after can truly appreciate his efforts and dedication to Town affairs.

- 8. Variances. The Board of Appeals may, upon written application of the affected land owner, grant a variance from the strict application of this Ordinance under the following conditions:
 - a. the strict application of the terms of this Ordinance would result in undue hardship to the applicant or would not be in the best interest of the community, and
 - b. the hardship is not the result of action taken by the applicant or a prior owner in violation of this Ordinance.
- 9. Appeals. The Board of Appeals may, upon written application of an aggrieved party and after public notice, hear appeals from determinations of the (Planning Board, Selectmen or Code Enforcement Officer)* in the administration of this Ordinance. Such hearings shall be held in accordance with State laws.
